

2016 – 2017 CAPMT Contemporary Music Competition & Honors Competition

The **CAPMT Contemporary Music Competition** allows motivated students to highlight the music of contemporary composers in competition. It is open to piano, string, wind, brass, and voice students through age 26. The **CAPMT Honors Competition** provides a statewide program for serious, competitive students of voice and all instruments (except organ) through age 26 to demonstrate advanced competition skills through heavier repertoire demands. Preliminary Auditions for each competition are held at the District Level. District Winners then compete in State Finals that will be held later in the Spring.
